December 8, 2020 - Autodesk Revit software products will use multiple cores for many tasks, using up to 16 cores for nearly photorealistic rendering operations. In addition, users will gain an edge over competitors through the use of new features and improvements. Autodesk 2019 Autodesk Revit 2019 New core for Revit The new version of Revit Architecture 2019 and Revit Structure 2019 provides architectural and structural design capabilities using new rendering engines. Advanced features for architects include: higher image quality by reducing geometry errors;
