---

Chinese chess (Xiangqi, also known as Co Tuong) is a two-player strategic board game that has a long history spanning more than 3,000 years. While the games were made of ivory or gold, the game known as "chess" is often carved from wood or bone. In either case, no matter what material is used, it always has four squares (one for each playing side), a chessboard, and

---

two players. This game uses a board with 64 squares, each with its own color and used as a chessboard. At the beginning of the game, the two players are placed opposite each other.
