Lima Hospital Lima Hospital is one of the top regional hospitals in the region and is located in Lima, Peru. It was built in 1922 and is operated by the Ministry of Health of the Peruvian Ministry of Health since 2006. Overview The Lima Hospital was the largest private hospital of Peru until its operation was transferred to the government in 2006. It has an extensive medical staff and an emergency system that is able to attend to 25,000 people a year. Lima Hospital was the first to offer open heart surgery in

Peru, which was performed by cardiologist Dr. Giovanni Bonghi. In September 2009 Lima was struck by an earthquake; the hospital was one of the most affected hospitals. It was closed until July 2010 when it started operating again. After the earthquake, the government declared Lima Hospital a public institution. This is a model for other 570a42141b
