Clinically, they are a distinct entity and have a predilection for the small intestine and stomach, particularly the latter. Genetic analysis by mutational analysis of the KIT/PDGFRA gene mutations in GISTs. Most of the GISTs also harbour BRAF gene mutations in 10-15 % of cases. Recent studies indicate that GISTs with BRAF V600E mutation are relatively indolent and associated with a favourable prognosis. BRAF V600E mutation has also been shown to be an independent prognosis of GIST patients with the BRAF mutation. An "absolute" building ban was announced by President Trump, halting construction and destroying what already exists. This was long overdue. Building and development destroy the environment, destroy wildlife, create traffic, and trash the cities that have all the problems these homes have. Furthermore, there are no compelling reasons to build in these communities. There is no eminent domain – these people have to live here, and if they want to build a home, they have to buy land and put up a house. They are not
