"We have been approached by American companies who have had their intellectual property stolen and who fear the ramifications of this misguided decision by the U.S. government," the co-founders of Huawei Technologies, Ren Zhengfei and Guo Ping, said in a statement. The lawsuit is expected to be filed next week, they said. The Global Times, a nationalist tabloid owned by the Communist Party's official People's Daily, quoted Ren as saying the arrests amounted to "vendetta." In
