Arevan is a character-driven sandbox RPG set in a post-apocalyptic world where the Earth has been destroyed, and the few survivors of the nuclear war have become desolate, austere, and tough. Battling nature and each other, they strive to survive - both mentally and physically. A unique survival simulation where your only thought is the next meal. From the makers of Shadowrun Returns and Wasteland comes a sinister and gritty post-apocalyptic story. A deep character-driven RPG experience with non-linear plot and a city-building aspect. Explore and interact with a huge world using advanced physics and create anything from advanced weaponry to vehicles. Customize your character and fight with over 85 different weapons. Control a group of characters and lead them through the harsh world in strategic fights against other characters. CONTROL AREVAN Players must prepare for life in the post-apocalyptic world, selecting from 6 different characters with their own skills and have them equip some of the over 100 weapons they can scavenge. As Arevan you will try to survive in an environment where hunger is your biggest threat; selecting an appropriate skill to equip will be of crucial importance. Features: A mature scenario with deep narrative focus 3 different character classes to level up Gorgeous hand-drawn graphics and the signature soundtrack from Shadowrun Returns composer Andrija Stupica. Advanced physics with debris, a sun and weather Advanced crafting, scavenging and murder mechanics Open world multiplayer and a deep character development system Can be played solo or in a multiplayer campaign Version 1.06 - Fixed a bug which prevented storing ammo on containers. - New "New update" screen added - Version 1.05 added - Aaaand, new weapon models for the long barreled rifles found in the jungle biome Version 1.04 - Fixed the ability to remove the held weapon's holster Version 1.03 - Added a "Sight" camera rotation - Added a "Jump" camera zoom - Minor fixes Version 1.02 - Fixed a bug with the vehicle respawn timer - Fixed a bug with the inventory filtering - Removed some UI errors - New new UI - Fixed an error which made the characters unable to run and crouch and ran instead - Fixed a bug in the character development system Version 1.01 - Fixed some UI errors c9d1549cdd

StoryThe Broston Saga is not only a love letter to Japan's glorious past. It is the adventure of a lifetime where you can play as Tyrone, who is voiced by Tyrone Thorson himself! As you venture out of the city and onto the open road, you will encounter a mysterious hood called the Cripos and your mission will be to take back the hood from their hands. You have 8-bit gangsters at your disposal (Armed with rocket launchers, shotguns, and bondage masks), mysterious dungeons full of traps, and much more!You may be reluctant to take on such an adventure in such an epic story. But trust me, you have no idea what you are getting into! And best of all? You can do it all on your phone!What's in this Version1. In-Game Release on iPhone/iPad!2. Game Release for Android and Windows Phone!3. Game has been translated into Chinese and Russian for the Chinese and Russian audiences.4. Patched for iPhone 8 and iPad mini 4!5. More Strings!6. Final updated version for iPad mini 4!Thank you for checking out this game, I hope you enjoyed your time with The Broston Saga!If you are having problems getting into the game, please check out the forums for help. Requirements:1. iOS 8.4 or later2. iPhone 4S or higher3. iPhone 6 or higher4. iPad (4th Generation or later)5. iPad Air or higherDon't be fooled by what you read, the WW2 German army may have begun with tanks and planes but they were built on a great British tradition. While we can attribute the superiority of the Blitzkrieg to an unexpected stroke of genius by Heinz Guderian, the real key was the introduction of their infantry-centric doctrine by Erwin Rommel. For far too long we have been looking at the trench warfare and technological developments of the Great War in isolation. But Rommel was actually building on the ground-breaking work of Colonel Sir John Monash who employed tactics employed by the British earlier in the war. What is, or was, an Australian light tank? Well
