The players take control of a race of small, cave dwelling creatures known as Thicc Ones. They have two small eyes, two tiny wings, and a tiny, untextured head. Their piglet shaped bodies are covered in a thick, matte armor that provides them with protection from the elements and makes them extremely hard to detect by any means. During the game, the Thicc ones will engage in a frantic struggle against giants, dark and scarlet forces and more. Only one thing will ever change the course of their destiny, and they must complete their Trials in order to see it. ----- •
