EA SPORTS FIFA stands for "Every Action Matters." The core gameplay loop of FIFA is soccer, but EA SPORTS FIFA is so much more than just a game about kicking a ball. It combines an innovative physics engine with new animation, audio, and visual systems to bring the world of football to life. It's the most comprehensive, authentic and comprehensive football simulation ever. Epic Moments of Real-Life Football Create a Journey through the World's Greats. Choose from any of the world's top 19 club teams, and take the role of manager in the creation of epic matches as you lead your club to glory. Create history in the virtual realm with the world's greatest football players. Upgrade and Customise AI and Your Team. Choose from a wide variety of players with unique attributes. Upgrade your squad to take down your opponents. The Ultimate Competitive Platform. Play the game as you choose. Play online, or go head-to-head with CPU-controlled teams in local matches. Take on friends in one of our award-winning game modes, or challenge your mates using the FIFA and My FIFA Seasons modes. Show off Your Skills. Win matches, score goals, and tackle, dribble and pass like a pro. Advanced controls let you show off your skills in any situation. Fantastic Features in All Player Roles Scout, Pitch, and Win. Optimise your team by developing your favourite tactics. And if things go wrong, defend better by analysing your game and winning more corners and cards. Play Your Way. Customise your team to show off your favourite attributes. Or pick out your best players and create a video team-mate highlight reel. Fresh New Era. Receive regular features and free content updates to upgrade your FIFA experience. Powered by Football The core of FIFA simulation is the core of football itself: pass, dribble, tackle, take a shot. But what really makes a hit game is when the key elements of football come together, creating the true experience of real-life football. From the moment the ball leaves a player's foot, physics.net drives FIFA. Player movement, physics-controlled ball and player reactions, and various other factors bring more life to the game than ever before. For more information about this feature, please visit our FIFA.net website. There's a new set of animations that kick in as bc9d6d6daa

## **What's new in Fifa 22:**

- **New live ratings system as it relates to transfers and line-up formation. The LIVE transfer market is the most dynamic way to select your players, and now with player ratings that react to the flow of the game in real-time, it will feel like you are buying into the training and pressure of match day. You can also see who might be on a hot streak based on more than 50,000 ratings displayed in real-time with a history view that shows you which players are performing well and which are improving.**
- **Online Draft Now available in the World Cup Play mode, Draft Champions allows fans to draft and manage their own dreams team of 23 players for an all-new FIFA World Cup experience where they can battle it out online and fight for glory against FIFA veterans.**
- **Unlike ever before, Ultimate Team is no longer limited to matches, whether friendlies or real. This opens the doors for us to introduce bigger, deeper tournaments such as The Masters, Fantasy Leagues, and a Player Challenge Tournament to produce exciting, long-running competitions.**
