Here you'll be able to enjoy the thrill of managing your own Ultimate Team, continuing the spectacular gameplay and thrilling transfer market in which you'll build your dream squad from scratch and gain legendary status." RELEASE DATE THIRD PARTY LABS Alliance of Valiant ArmsRalliSport Challenge and Rally de EspañaThis is a conversion mod that aims to provide a modern upgrade of the driving game in F1 2015. This will increase the graphic resolution from 900p to 1080p, contrast, HDR, and motion blur and also include many other visual upgrades. I can't provide any details on the exact features that this will add as I have been busy with other things recently. There will be a full release when the game is launched. If you want to help out and contribute the game, feel free to contact me on any of the following methods: INSTALLATION + FAQ The mod will run from the first boot of the game. You won't need to do anything special to install the mod, as it is in the main game folder. If you are having any problems while installing it, report it here

and I'll reply as soon as possible. I have multiple questions and concerns that I'd like answered before I install. Please reply within 4 days If you reply in 4 days, it will be added to the FAQ and you will be able to answer the other questions without having to re-install the mod. DOES IT SUPPORT ANY OTHER CARS IN THE MOD? YES NOTE: There are 5 other cars that will not be compatible due to technical reasons. CAN I PLAY WITH OTHER MODS? YES There is a chance that some mod conflicts may occur while playing, and for this I can't offer an exact percentage of compatibility. There is a chance that the mod itself could cause issues, so please test thoroughly before uninstalling any other mod. I USE ANOTHER OS I can't offer any direct advice on this, however, if you have a low fps issue when trying to access the FUT then there is a chance that the mod is having issues as the game modifies the gamelogic files. The FUT works just fine if it is on Windows. How do I uninstall the mod Uninstalling the mod is really easy, there is a step by step guide for it here. Once that is
