### **Features Key:**

- An Epic World That Expands Daily
- A Player-Made Story Driven by Your Play Style
- Explore a Vast World and Battle Friends in Multiplayer
- A Meticulous Crafting System at the Core
- A Customizable Character that Supports Short, Long, and Mid-Length Play

### **Overview:**

The Tarnished save you from Slumberland, where you now watch your dreams in the form of red-colored demons with violent tendencies, and you have to decide whether to save Orphan, who is traveling with Tarnished, or the monsters. Many of the monsters in the Lands Between were twisted into monsters by the power of the Elden Ring. Tarnished is one who can wield this power, but he found something that he was looking for. What did Tarnished find? Although you may not know, I do.

A "role-playing game" that turns the online element into a new experience, and the interconnected drama deepens as you gradually approach the center. From there, you can even form your own story and take part in the story of others. While this drama is being played out, Tarnished is in search of Orphan, a girl he is going to adopt as he is traveling with her. When the Elden Ring is in your possession, you can see "monsters" that were once human living in the shape of a ring. You can defend against them.

If you acquire the Elden Ring in the war against the monsters, you will need to acquire the Elden Ring's power to shoulder the burden of summoning monsters and battling them. With that, you will be able to create items, weapons, and armors to fight with other players. Even in this game, a customized character with its own combat power will be the best way to play.

---

In the case of making the Tarnished the best possible character, you can make him stronger than other characters, but to achieve that goal, you will also need to make him powerful with gear. Crafting is the act of making monsters, so it is up to you whether to fight alone or to fight with the help of friends. I would recommend that you take your time and experience the beauty of making

And video about it: About the game: The lands between the world of men and the elven capital, Mistral. In the world between, among men and elves, monsters have been roaming freely for a thousand years. Once again, destiny steps on the Lands Between, and a man named Tarnished will forge his way to fight the unimaginable horror. The player takes the role of Tarnished, a man of no great faith or courage, given to many misdemeanors and crimes. Tarnished is saved by the voice of his friend, Arthelon, who guides him on the path to becoming a hero. By collecting the sacred materials (hero stones) needed to assemble the Elden Ring Cracked Version, Tarnished is given a weapon and set on a perilous journey. However, Arthelon does not know that the Elden Ring is the means by which the beast that has been laying waste to the lands between for a thousand years will be awakened. In order to solve this mystery, Arthelon asks Tarnished to gather his
