For (LifeTime) Free [March-2022]**

You are the ball. You must collect as many hearts as possible by bouncing between the bricks. You start the game by bouncing off the bricks with the default speed. Each time you bounce off a brick, the ball's speed increases slightly. After a while, you will start bouncing off the bricks with increased speed, making the bricks bounce more. The bricks will start breaking and you will collect heart magnets. Break the bricks on the right side of the screen to collect more magnet. As you play more, you will unlock different power ups. There are 4 power ups: POWER UP 1 Set the Ball's Speed to Slow (default speed) POWER UP 2 Set the Ball's Speed to Medium (default speed) POWER UP 3 Set the Ball's Speed to Fast (default speed) POWER UP 4 Press F3 to enable the Heart Magnet. When you get a heart magnet, you can set the magnet to collect a little/lot of hearts or all the hearts. Heart magnets are added to the ball's back so it won't go off screen. You must be careful that the ball doesn't get stuck on the screen. The more you play, the higher your score will be. You can only use one power up at a time. When you are about to die, the ball will automatically shoot off and it won't come back. You will lose 1 life for every heart magnet you use. POWER DOWN 1 Press F1 to activate the Brick Detonator. Everytime the ball hits a brick, it will destroy 1 brick. The ball will continue to destroy bricks until you hit bricks with the Brick Detonator. If you hit a brick when it's already destroyed, then the ball will bounce off the destroyed brick. If you hit a brick when it's still a brick, then you will destroy the brick. Don't worry, the ball won't get stuck on the screen. You will lose 1 life for every brick you destroy. POWER DOWN 2 Destroy the bricks at the bottom of the screen to collect hearts. Destroy the bricks at the top of the screen to collect points. Remember, any destroyed bricks will still be counted. POWER DOWN 3 Destroy bricks in only the top half of the screen to collect coins. You can destroy all bricks, collect coins and gain extra lives. Well that's it! Please
