. 09-Use Relevent & Apply To Specific.. dvd roupa nova acustico 1 xvid.I was at the store last week and I wanted to go see what was going on with the 3DS XL and I checked and realized it was on sale for only \$199. But this was only for pre-orders and when I went to check how long it was available for it was gone. What happened? I think it's been a while since the price was cheap and it's on sale so I guess it's time for me to grab one. Do any of you have any cons about it? I'm not really worried about the screen or something, just the battery life and I don't really see how playing the eShop would be a bad thing. wahwawahwah...I feel the same way, but I'm not tempted because most 3DS games are terrible. I'm just not into the genre at all. Plus, it's inconvenient to lug around. I'm pretty happy with the 2DS. I'd get the XL, I think the portability/battery life problems are way overblown. I mean, you could just run a dual-CR2032 or dual-AAA batteries in there, for less money than a regular 2DS. Alot of people love the colors of the 3DS XL, and who cares about the screen, it's only big in comparison to the 2DS anyways. I know people who have an old XL, and complain about the battery life of it. I was at the store last week and I wanted to go see what was going on with the 3DS XL and I checked and realized it was on sale for only \$199.
