This is another self-learning book. It is very interesting. Within five minutes I had read a page and understood it. The book is divided into three sections. In the first section you learn about the mind. The second section explains the problem of the mind. The third section is again related to the first two. This time you learn about the solution. I do not know why it is divided into three parts. But the first section is related to the first section so the fact that you can read the book at once makes sense.
