odd? I am looking for the answer in C. A: You could just use the fact that the remainder is even or odd to decide if the number is even or odd, then add 1 or subtract 1 as appropriate, and use that as a test for the remainder. int isEven(int x) { return x % 2 == 0; } int
isOdd(int x) { return x % 2 != 0; } Then you can use isEven for things like isEven(2 + 2) to get back true or isEven(6) to get back false. A: Here are a couple of ways to do it, the first one being more compact (numbers are compared instead of the result of the calculation), but
also uses a little bit more memory: int isEven(int n) { return n & 1; } int isOdd(int n) { return n == 2 * n + 1; } Here's a way

Cornwall's Most Renowned Promenade One of the most impressive and extensive stretches of coast in Britain, Cornwall's dramatic headlands, jagged cliffs and dramatic beaches combined with outstanding walking, surfing and cycling make it Cornwall's most renowned promenade. Whether you are looking for a seaside experience, a walk on the wilder shores of the estuary, or a coastal adventure for the whole family, you can find your place in this endlessly varied landscape. Nature and wildness are always a key feature of Cornwall's countryside, but the development of tourism and the demand for holiday accommodation has brought a new dimension of scale and activity. Where once the sea's edge was almost forgotten, cars and camper vans now bring extra crowds, and the effect on the landscape has been dramatic - new hotels and high-rise apartment buildings now dominate the landscape, while the coast and coastline have been formed into a landscape of tiny private beaches with sparkling sea and mineral sands. Cornwall is famed for its beautiful beaches, rocky headlands, caverns, cliffs, castles, medieval villages, and for its rich Cornish past - all of which are unspoiled and offer great scenic value for holidaymakers. From Exeter and Plymouth, the Atlantic Ocean makes its dramatic entrance through the Penlee and Morvah peninsulas, continuing southwards round the cliffs of the Lizard Peninsula and the Mullion Peninsular. Before reaching the open Atlantic, the Carrick Roads become home to vast shoals of Atlantic herring. In the past, the Cornish seas were caught by numerous fishermen, who were quickly followed by the development of modern herring trawling by the fishing industry, which has since worked in conjunction with the development of a thriving oyster fishery. The Atlantic Ocean is clean and crystal clear and presents wonderful opportunities

The band is named after the acronym for "Ripped from New Zealand", and their most popular song is "I Think We're Alone Now". R-Cannon's music has been described as "bizarre, intriguing, delicious, and surprising". History R-Cannon was formed in early 2001 by James O'Toole, John Douglas, Stuart Durrant, and Derek Proctor, after the demise of Durrant's previous band, Barsuk. The four met in their primary school's instrumental music class. Their debut single, "I Think We're Alone Now", was released in May 2001 and reached number 3 in the Scottish Singles Chart. It was their only single to chart. The track was written by Proctor and features lead vocals by O'Toole. "I Think We're Alone Now" was eventually featured in the soundtrack for the video game FIFA 2002. On 21 March 2002, they released their debut album, The Honour and the Horror
