- GameSpot - 9/10 - "A high-intensity fantasy battle game that blends the rhythm of an action game with the soul of a role-playing game." - Game Informer - 9/10 - "The fantasy, action RPG genre has been crying out for a new voice, and Dark Legacy has been waiting for a game to fill that gap. Dark Legacy is a passionate tale of moral decisions, adventure, and war told through action and strategy." - GameSpot - 9/10 - "As we were playing our way through Tarnished, it didn't take long to feel as though the game was building itself into one of the best fantasy RPGs on the market." GameZone - 8.5/10 - "Dark Legacy is the most magical of all RPGs, and it's now available for players to enjoy thanks to developer Nothings Wrong. While the story is, of course, heavily influenced by Lord of the Rings, it manages to stand on its own." - GameRant - 9/10 - "With Dark Legacy, Nothings Wrong has created a well-balanced game that puts players in the center of an exciting story with plenty of imaginative battle encounters that feel well-balanced and satisfying. The game is out as a free beta but once its release I'll be selling a mount the mount uses a random number generator, so no one will be able to get a special mount. show strong, and how enjoyable, the genre can be." IGN - 9/10 - "Dark Legacy follows the standard fantasy tropes of pretty much every RPG you've ever played with a mixture of its own unusual twists that are all a part of the story." GameZone - 4/5 - "Dark Legacy brings the epic fantasy to life, wrapping story, role playing, and combat around some truly excellent presentation." - Kotaku - "This game is clearly a labor of love, and it shows. Where a lot of games in the genre feel wooden and dull, Dark Legacy has an energy and vitality that invokes a sense of adventure in every moment of play." GameSpot - 8/10 - "Dark Legacy continues to adhere to its established gameplay and keeps most of its systems intact, but it's at the very least an enjoyable experience for anyone who likes fantasy RPGs." bff6bb2d33

I’ve revealed few key elements of the game today:
